Re: Letter of Recommendation for Devin Luker

To whom it may concern,

I'm writing to express my support for Devin Luker's application for hire. As one of Devin's supervisors during his student internship with Penn DOT District 11, I met with him frequently to assign responsibilities and track the process of previously assigned projects. I was impressed with his initiative and attention to detail. He was certainly a valued member of our team.

As an intern in our Press Office, Devin had a number of responsibilities. He wrote press releases, relayed information between various departments, assisted in planning and executing community events, as well as created several presentations for the management team. Devin was especially skilled at video, photography, and graphic creation for the department's digital media efforts. It became clear early on, that he was trustworthy to successfully execute essential responsibilities in a timely manner.

Beyond being professional, Devin left a lasting impression with his go-getter personality. His endless creativity and ability to lead a project with little direction will most certainly contribute to his success as a professional.

In closing, I'd like to reiterate my strong support for Devin's application for hire. He is a talented individual driven by a passion to produce quality work, making him a wonderful addition to any team.

Please don't hesitate to contact me for any further information.

Thank you,
